*Who is "Arine"*

*ARINE LÉGER PREJEAN*

*Arine, a descendant of Michael Prosper Leger, is currently a Board member of the Richelieu Léger Family Association. She was born in Duson, LA, and lived on a farm. She graduated from high school, having played basketball for four years, making All-Stars and All-State.*

*Arine married, had her first child, then moved to New Orleans, where she had another child. She moved back to Lafayette in the mid sixties where she is currently living. She now has six children who are all grown and live away with busy lives of their own. Three children are married and she has three grandchildren. Her youngest child is in the military.*

*Arine is a seamstress who makes unique and personal craft items, quilts of all sizes, including T-shirt quilts. In her spare time, she likes to type and play games on the computer, do gardening and work in her yard with all kinds of plants. She particularly likes houseplants. Her husband has been known, which he often does, to pick up dead plants that stores throw out and take them home to Arine so she can see if she can revive them*
